and ethics

Pacifica Companies,
a \$3 billion realty firm has a global presence,
with an unrivalled history of creating distinctive
life spaces.

Embarked in the year 1978, Pacifica has been
innovating and acquiring new credibility in the
realty sector.

Its legion of real estate developments includes -
Residences, Commercial Spaces, Mixed Used
projects, Hospitality, Townships and Senior Living
communities.

PACIFICA US

The beginning of Pacifica's journey of success took place in the United States of America way back in 1978. Since then, they have successfully developed and diversified their assets including hospitality, senior housing, multi-family, commercial development, land acquisition, residential development, debt acquisition and REO across 22 states in the US.

This diversity of experience has allowed Pacifica to confidently extend itself in any market or property type with its proven track record generating superior returns in all asset classes.

PACIFICA LATIN AMERICA

The Latin American real estate space, as a result of steady economic and demographic growth, offers a multitude of opportunities for those with a keen eye. Recognizing this, Pacifica is currently working to strongly position itself with an initial investment of \$400 million in a diverse range of asset classes.

Their first landmark in the region was The Calette Mall in Tijuana, Mexico, a mixed-use project, which we believe will become the most important type of development in the future.

PACIFICA INDIA

Pacifica's venture into the Indian sub-continent might eventually prove to be their most successful. The reasons for making this ambitious claim are manifold; the outstanding middle-class population growth in India, drastic improvements in the standard of living and most importantly, Pacifica's intentions to adopt long-term investor strategies.

Their Indian operations were started in 2004 with the opening of a head office at Ahmedabad and branch offices at Vadodara, NCR (Gurgaon), Bangalore, Chennai and Hyderabad. With a projected portfolio value of more than \$1.7 billion, they are continuing today to exceed expectations of India's growing hospitality, commercial and residential construction demands.

Pan India presence

Pacifica stepped into the Indian real estate space in the last decade. Headquartered in Ahmedabad, Pacifica has established offices in NCR, Hyderabad, Bangalore and Chennai. These offices have helped the company to reach great heights on a pan-India level. Pacifica's 30 years of experience gave the company a strategic headstart in the realty business, as its global team of managers are geared to customize their global know-how for the Indian market.

Pacifica has been instrumental in managing 14 diverse real estate projects, worth a whopping 1.7 billion USD. These projects are spread over Ahmedabad, Pune, New Delhi, Chennai, Bangalore and Hyderabad, rendering more than a glimpse of global realty trends and finesse.
